

# MSBOA Honorary And Emeritus Resource List

MSBOA has created a list of honorary and retired members that are interested and willing to assist directors and administrators with their instrumental music programs. These folks have countless hours, days and years of service and experience in the instrumental music education field. You are encouraged to consider using this resource to further your program if you see a need.

Simply contact any of the listed individuals and discuss your interests and how they may be able to assist. This is an especially valuable resource for the young teacher as they begin their career.

The following have expressed their willingness to assist members in the indicated areas. Any fees and/or expenses should be discussed at the time of the contact.
