

MSBOA 2010 State Band and Orchestra Festival sites:

The following sites are available for the State Band and Orchestra Festival this year. Depending on enrollment and demand, some sites may not be used or the times listed may be altered.

Directors are reminded to not make their participation in the festival contingent on being assigned at a specific date/site or time. It is impossible to guarantee that with over 300 entries. Directors must select at least two sites/dates to allow for flexibility in creating the schedule.

The deadline for entering the festival is to have the paperwork postmarked the Friday after the District festival. A one week late entry period, with an additional \$100 late entry fee is allowed. If a director has more than one ensemble entering the District festival on different dates, the latest festival date is used to establish the deadline for all of his/her ensembles.

In the case of unscheduled days off school (snow days) during the first week immediately following the District Festival, the deadline for assessing the \$100 late fee will be adjusted an equal amount of days. The extended second week final deadline will not be extended.

Please check the MSBOA Yearbook (online under the MSBOA Members tab) for complete deadline information, fees and rules.

1ST WEEK

Thursday 4/22

Dexter (8am-4pm)

Big Rapids (1pm-8pm)
