## ADVOCACY

We meet with lawmakers in Washington to make sure they understand the importance of music education and also ask that they provide funding to support our local programs.

We worked with the state Department of Education to ensure language supporting music and music educators was included in Michigan's Every Student Succeeds Act (ESSA) plan.

We worked directly with MMEA to support a senate bill which gives all elementary students access to music programs, taught by certified instructors.

## SERVICE

Unmatchable service and support

Comprehensive recruiting programs

The most flexible and affordable instrument rental plans in the industry
